Narrative Description

Nurai Island, dubbed as the Emirates' most sought after private island, is a private resort of limited-edition beachfront estates as well as luxury contemporary water villas alongside a boutique hotel, spa, marina, private helipads and other features. In total, the island covers around 500,000sq.m and will include about 60 villas.

Dar Al Handasah Nazih Taleb & Partners was commissioned with providing comprehensive engineering services covering Structures, MEP, Plants (Power, Solid Waste, Wastewater Treatment, Sea Water Reverse Osmosis), Landscaping, Infrastructure and Marine Works.
